Over 50,000 in Use!

WE beg to assure the public that the well known reputation of these Machines for RELIABILITY will be fully sustained, and in our rapidly increasing business the same care will be faithfully exercised in every department of our manufacture. Every Machine sold by us *IS WARRANPED IN EVERY RESPECT.*

The public, in their eagerness to supply themselves with Sewing Mrchines making the GROVER & BAKER stitch must not forget to purchase them of the parties who alone are authorized to sell them. TAKING A PRIVILEGED LOOK.—The San Francisco *Call* tells the following story of a benedict who was caught "peeping" in that city:

One of the most ludicrous affairs over which the town has laughed for many a day, came off early yesterday morning. About 1 o'clock A. M., officer Willis rushed into the Station House with a burglar by the collar, whom he had captured on Powell street, after a hard chase, just as he was leaving the scene of his villainy. The officer was wet with sweat—the offender with tears. On coming inside, the offender fell on his knees, and with a torrent of tears and sobs, told his tale of wofull mishap, and piteously begged for mercy. The officer had seen him jump a high fence in front of a private residence on Powell street, and run wildly down the street, whereupon he had pursued and captured him. The prisoner's story is that he was on his way home, and chancing to look towards a basement window, he saw a lady clad in her night apparel, engaged in—oh that our pen might be spared the task!—catching fleas. An admirer of beauty unadorned, the temptation was too great for him, and deftly scaling the railing, he slid down into the yard, looked until awakened conscience whispered of a wife in anxious expectation, waiting his coming, only a block or so away, and then tearing himself with one desperate effort from the scene, made tracks, just in time to fall into the clutches of the myrmidon of the law, and find a lodging on the cold asphaltum, with certain death in prospect. He was kept until morning, and then allowed to depart on the deposit of $100 in gold, as bail for his appearance to answer any charge which might be made against him. His story proved true, but the victim has learned a lesson which he will not soon forget.

Moral No. 1—Ladies, when you hunt fleas, put down the curtain.

Moral No. 2.—Gents, when out late of a summer night, keep your eye next the wall close shut, to avoid temptation, or expect to suffer the consequences.

STIMULANTS.—Dr. Lankester is no advocate of teetotalism any more than of vegetarianism. He acknowledges to the full the beneficial uses of stimulants. "As far as its physical action is concerned," says he, "I do not know that we can say anything good of alcohol at all; it may seriously interfere with the functions of absorption, and injure the coats of the stomach; and, when taken injudiciously, a very long way short of producing any effect on the nervons system, may yet prevent the proper nutrition of the system, and insidiously lay the foundation of incurable disease. The practical admonition which this part of our subject conveys is this: Avoid taking wines, spirits, and beers on an empty stomach. In cases where they must be taken, let them be diluted as is compatible with the object sought to be obtained by taking them." One marked effect of alcohol is its repression of change in the tissues of the body. Under its constant use, the blood retains much that would otherwise pass away. This, where there exists too rapid a waste, is a beneficial action, as in some weakening diseases, or in old age; but it is often injurious, and the cause of gout, rheumatism, and "other disorders which depend upon the retention in the blood of certain compounds which ought not to be there."

GYMNASTIC COSTUME FOR LADIES.—Dr. Lewis, in his new work, "The New Gymnastics," gives the following hints as to the proper costume for ladies to wear in performing gymnastic exercises:

"The most essential feature of the dress is perfect liberty about the waist and shoulders. The female costume may be never so short, if the waist or shoulders be trammelled, the exertions will serve no good purpose. If the arms can be thrust perpendicularly upward without drawing a quarter of an ounce on the dress, the most vital point has been secured. It is without hoops, but with a thin skirt as near the color of the dress as possible, and only stiff enough to keep the outside skirt from hanging closely to the legs. This skirt should be fastened to the belt of the dress so that it will not hang below the dress when the arms are raised.

"The present style of Garibaldi waist is very beautiful. It is particularly appropriate for gymnastics, as it allows the freest action of the arms and shoulders. But to permit this waist to fall over the belt, which is its peculiar feature, the belt is usually made tight enough to keep it in position. This is wrong. Buttons should be placed on the inside of the belt, the same as on gentlemen's pants for suspenders, and the same kind of suspenders should be worn. In this way the belt may be very loose, and yet being supported over the shoulders, it will remain in its proper position.

REFUSED THE PRIVILEGE OF THE MAIL.—Acting upon an order issued by Gen. Wright, the postal authorities in this State, will in future refuse transmission by mail or express to the *Argus* and *Democrat*, published in Stockton; the *Tribune*, published at San Jose; and the Tulare *Post* and *Equal Rights Expositor*, published at Visalia—they being held to be treasonable publications. These papers are insignificant in themselves, and of limited circulation, and the withdrawing of postal facilities will not affect them much. It would seem, from the rancorous—but, withal, pointless—opposition made in their columns to the Government that they invited this visitation as a means by which they might be lifted into unenviable notoriety.

A GLASS EYE EXPECTED TO SEE.—An action was lately brought, in a French court, against a lady for the price of a glass eye that she had ordered expressly to fit her, but refused to take when finished. She defended her own cause, and desired the court to observe her hair. "It is false," said she; but it looks well, and keeps my head warm. My teeth, too, are false," said she; "but they, too, look well, and, what is better, they enable me to chew my food. But this eye," continued she, angrily, "is not of half the use of my wig and artificial teeth, for I cannot see out of it a bit;" and so saying, she dashed the eye indignantly on the floor of the court.

A WONDERFUL ESCAPE.—A British officer, in the act of shouting to his men, was shot by a musket-ball, which entered his mouth. He fell to the ground, under the impression that he must, in some mysterious way, have swallowed the ball. Upon examination, it was found that the ball had entered the mouth, when extended, and had passed out at the neck without injury to any vital part; and in a short time the wounded man recovered, and was again fit for duty.

THE METHODIST CHURCH ON DIVORCE.—At the meeting of the Methodist Conference, at its late session, the following resolution was offered by H. C. Benson, and adopted:

Resolved, That in the judgment of this Conference no minister has a right to solemnize the rights of matrimony in any case, when either of the parties has been divorced for any cause or causes save that set forth in the Word of God.

It is time that the Church and every other proper influence should be brought to bear in restraining the frightful increase of divorces in this State, the applications for which are based, in a majority of cases, on trivial and insufficient grounds.

A DESPERADO KILLED.—A man named Ross, a noted desperado, who was always armed, and going about seeking quarrels and fights, and assaulting and abusing unarmed and weak men, was killed at Lincoln, in this county, on Wednesday last, by a man named Austin Henderson, whom Ross had been following and abusing around town, who is represented as a quiet and inoffensive citizen. Henderson finally obtained a knife, and when again assailed by Ross, who drew a navy revolver and flourished it over Henderson's head, at the same time slapping him in the face, the latter drove the knife through Ross' heart, cutting it in two. Henderson gave himself up, was examined before Justice Singer and honorably acquitted, a coroner's jury having previously rendered a verdict of justifiable homicide.

LABOR.—Why, man of idleness! labor has rocked you in the cradle, and nourished your pampered life; without it, the woven silk and wool upon your back would be in the shepherd's fold. For the meanest thing that ministers to human want, save the air of heaven, man is indebted to toil; and even the air, in God's ordination, is breathed with labor. It is only the drones who toil not, who invest the hives of the active like masses of corruption and decay. The lords of the earth are working men, who build or cast down at their will,

Dutch Flat Enquirer.

THURSDAY, : : SEPT. 25, 1862.

RELIEF FUND.—We notice that relief funds are being raised in almost every city, town and village in the State for the purpose of relieving the sick and wounded in the Federal army. The citizens of this State have already subscribed one hundred thousand dollars or more for this laudable purpose. This sum, as large as it may at first appear, will go but a little ways in alleviating the sufferings and wants of those who have been engaged in battling for the supremacy of the Government. The army supplies, it is true, are abundant for well men, but when the soldier is sick or wounded, there are many little delicacies that are necessary for his recovery that are not furnished, and it behooves those who are able to contribute from their abundance something for the relief of the men who are fighting the battles of the counry. Societies are being formed for this purpose in most of the mountain towns, and as the citizens of Dutch Flat have never been appealed to in vain to aid any worthy charitable enterprise, we think this a fit occasion to bring to their notice this noble work. Many of us have friends and relatives in the army, and by contributing our mite we will have the gratification of knowing that we are doing all in our power to alleviate the sufferings of patriots engaged in the present fearful strife. Let *all* subscribe, not only those who are willing and anxious to battle for the permanency of the Union, but those who are disposed to sympathise with men in arms against the government; the amount sent to those whose duty it is to see that the sick and wounded are properly cared for, will alleviate the pangs and agonies of the sick and wounded enemy as well as friends. It is an undisputable fact, that no government under the sun ever showed such kindness and consideration for prisoners taken in arms as the present United States authorities. We would suggest that our citizens meet on to-morrow evening for the purpose of organizing a relief society to last during the war. We see that several of the most prominent men of San Francisco have subscribed large amounts to be paid monthly for this purpose, also, the men employed in the foundries, mills, etc., in that city have contributed largely of their earnings for this purpose. It is nothing but right that those who are enjoying all the comforts of home should donate for this praiseworthy and Christian object. Let the ladies too, take this matter in hand, and we guarantee that their efforts will be rewarded in an abundant manner.

Since writing the above it has been suggested that the citizens meet for consultation at Zerr's Hall Saturday evening, at seven o'clock. We do hope our citizens will respond liberally to this call, and show, by their *actions* that they are in earnest in the support of the Federal Government. We have had lip-patriotism sufficient to do us twenty years, we now want action.

SIDE-WALKS.—We see that the side-walks on Sacramento street are at present in a truly dilapidated condition; so much so in fact that a person runs great risk in breaking a leg or neck who is obliged to walk over them after dark. Can they not be repaired? An expenditure of forty or fifty dollars would place the side-walks in a good condition, if the work is commenced *now*, and now is the time to commence, winter will soon be upon us, and after the bad weather sets in it will be impossible to remedy this evil. The side-walks would be infinitely better without any boards than in their present condition. Either put new boards down or take up all the old ones.

PRACTICAL.—Last week some persons—names not known—made a descent upon a fine orchard in this place, which is owned by Mr. Davis, who, by the by, is strongly suspected of entertaining secesh sentiments,—and gathered nearly all the fruit. After obtaining what they wanted, they left a note informing the proprietor that all they wanted was to be "*let alone.*" This, we rather think, is "carrying the war into Africa:" at all events it is giving a practical illustration of the conduct of the rebels in appropriating forts, arsenals, and mints to their own use and then say that all they wanted was to be "let alone." This action may be very funny to outsiders, but it is a serious inconvenience to the owner of the orchard. He has taken great care to cultivate his place, and we have yet to learn that he ever attempted to obtrude his sentiments upon any one. Such action is reprehensible in the extreme, and should not be countenanced—we yet have laws, and persons should be made understand they cannot interfere with the rights of others with impunity. If the proper officers see fit to seize the property of those suspected to be inimical to the government, well; but individuals are not allowed to take such responsibilities.

PACIFIC GUARDS.—This company which has been organized nearly a year, is still in existence. When the company was first organized, it numbersed some eighty-nine men rank and file; and doubtless would to-day number as many had the authorities furnished the necessary arms, but instead of doing so, the Captain has been put off from time to time with the plea that "arms would shortly be furnished," until those who went into the orgauization have become disgusted at the dilatory movements of those who should have seen to the matter, and many have withdrawn, thinking that arms would not be furnished. The company numbers but forty men, rank and file having decreased nearly one-half. We poll in this precinct between four and five hundred votes, and there is no doubt whatever, that should the company be able to secure arms, the roll would again run up to its original number. We have never had but a dozen old muskets, which were entirely unfit for use, in the place of which corn-stalks and bean-poles could be substituted. It is to be hoped that the Adjutant General will pay some attention to this business and send us arms that can be used should occasion require it.

FIGHT.—On Sunday morning last, about three o'clock, two persons, John Farber and ——— after remaining up all night and having enjoyed themselves in dancing with the hurdy-gurdy girls and imbibing invigorating cordials, wound up their exercise by taking a regular set-to with each other; in which Farber got his leg broke, and his adversary got a sound thrashing. Here is another instance of the practicability of using whisky, it makes one so pleasant and agreeable with his associates that fighting is looked upon, in their drunken orgies, as a pleasant pass-time, and the more limbs broken in the melee the better the fun. Boys, you had better quit that kind of sport, or you'll get yourselves in the papers. Farber is getting on as well as could be expected.

THE number of Odd Fellows in this State is estimated at 5,626.

RETALIATORY MEASURES.—We publish today the order of Jefferson Davis made in retaliation of the order issued by General Pope, in relation to rebel citizens. Davis appers to have misconstrued Pope's order as will be seen elsewhere in this issue. General Pope says that his order was never intended to operate so as to give license to the officers or soldiers to pillage the people. He says: "That order No. 5 requiring that the troops of this command be subsisted on the country in which their operations are conducted, has either been entirely misinterpreted or grossly abused by many of the officers and soldiers of this command. It is to be distinctly understood that neither officer nor soldier has any right whatever, under the provisions of that order, to enter the house, molest the person, or disturb the property of any citizen whatever." It appears to us that is sufficiently plain for any one to understand, and we do not see the necessity of the "President of the Confederate States," getting up such an enormous hump on his back about it. The rebel soldiers are doing exactly what Davis complains of in the Federal officers. But perhaps, in this, as in most of his edicts he has let his "mouth go off half-cocked."

WHO WANTS TO FIGHT.—When it was found that the regiments which were called for in this State last year would be stationed in the forts and barracks on this coast, many refused to enlist, giving as a reason, that they desired to see active service. This can no longer be an excuse, for the Goveronr has signified his willingness to accept a regiment, which will be sent to Aspinwall-by Californians, and from thence to New York by the Government. Here, then, is an excellent opportunity for those who desire to serve their country, to do so. Let all who are anxious for the preservation of the Union join. They will have abundant opportunities to distinguish themselves as well as show their faith in a cause which animates the heart of every true lover of his country.

FOUND A MARE'S NEST.—Some malicious wag in San Francisco has been exercising his wits upon the simple credulity of the San Francisco Morning *Call*, as the following extract from that paper of the 20th instant, will show. This is the most ridiculous *canard* that we have seen for some time. Does the editor of that paper suppose that men engaged in a project similar to the one mentioned would approach strangers or those that they did not thoroughly understand with a proposition of this kind? The whole affair is nonsensical and foolish. Try again:

We were informed yesterday on pretty good authority that three Englishmen just arrived from Victoria, were approached by two parties, whose names they declined to give, and invited to join a party of Secessionists which was about starting across the plains for the purpose of joining the Confederate forces. The parties approached were informed that the company was nearly organized; but to avert suspicion were scattered in different parts of the State. When the time for departure arrived, they are to rendezvous at an appointed place, and proceed on the journey. The information in regard to this hostile emigration is meagre; but any one acquainted with the past political history of the State can readily apprehend how a large force of traitors could be recruited here. At any rate the matter will bear looking after—even to the extent of the expenditure of a little "secret service money" by the head of the Military Department of the Pacific to ascertain the facts. Let us hope if such an organization is budding, it will not be allowed to burst into flower. It won't do for California to offset her $500,000 for the sick and wounded soldiers of the Union army by a guerilla party to swell Jeff. Davis' lawless hordes.

MINING ACCIDENT.—On Saturday last quite a serious accident occurred to Joseph Whitmore while at work in the Enterprise claim, near this place, the particulars of which are as follows, as near as we can learn:

Whitmore was engaged in digging under a steep bank, when, having proceeded too far, the entire mass of earth caved upon him, crushing him in a fearful manner; the left side of his head was cut open nearly to the chin, his arms, body and legs receiving serious and painful bruises. He was taken out as soon as possible, and Dr. Petteson from Iowa Hill sent for to minister to his wants. We are glad to learn that the indications are favorable to his recovery, though he is yet in a critical condition. This is one of the many instances that so often result from the carelessness of those engaged in mining operations. Persons appear to lose all caution or prudence after working in our mines a short time and the consequence is, that they too frequently pay the penalty with their lives, or carry to their graves broken limbs.

We have some further accounts of interest from General Pope's Army:

IMPORTANT ORDER.—The following order has been issued:

HEADQUARTERS ARMY OF VIRGINIA,
Near Cedar Mountain, Aug. 11

General Order No. 19.—The Major General commanding discovers with great dissatisfaction that General Order No. 5, requiring that the troops of this command be subsisted on the country in which their operations are conducted, has either been entirely misinterpreted or grossly abused by many of the officers and soldiers of this command. It is to be distinctly undertood that neither officer nor soldier has any right whatever, under the provisions of that order, to enter the house, molest the person, or disturb the property of any citizen whatsoever.

Whenever it is necessary or convenient for the subsistence of the troops, provisions, forage and such other articles as may be required will be taken possession of and used, but every seizure must be made solely by the order of the commanding officer of the troops there present, and by the officer of the department through which the issues are made. Any officer or soldier who shall be found to have entered the house or molested the property of any citizen will be severely punished.

Such acts of pillage and outrage are disgraceful to the army, and have neither been contemplated or authorized by any officer whatsoever. The perpetrators of them, whether officers or soldiers, will be visited with a punishment which they will have reason to remember; and any officer or soldier absent from the limits of his camp, found in any house whatever, without a written pass from his division or brigade commander, will be considered as a pillager, and treated accordingly.

Army corps commanders will immediately establish mounted patrols, under charge of commissioed officers, which shall scour the whole country for five miles around their camps at least once a day, and at different hours, to bring into their respective commands all persons absent without proper authority, or who are engaged in any interruption of citizens living in the country; and commanding officers in regiments or smaller separate commands will be held responsible that neither officers nor men shall be absent from camp without proper authority. By order of POPE,

Major General Commanding.

THE official returns of this county show that Charles T. Palmer, of Auburn, was elected Public Administrator. Charley's heart is true for the Union; he is honest, capable, and will make an officer worthy the confidence of our people. —*Placer Courier.*

You have had your eyes suddenly opened as to the worth and competency of the candidates on the Union Democratic ticket, have'nt you? It appears you are slightly tinctured with flunkyism.

The Baffled Conspirators.

Our father Abraham at Washington, says the Chicago *Times*, progresses very slowly in the matter of making the abolitionsists happy. He has not yet issued his proclamation proclaiming universal negro emancipation; and he has made up his mind—so we have it through abolition channels—that he will not arm negroes,—and we have it through the same channels that he has announced that he means to adhere to that mind. Perhaps the reader is curious to know just where and when our father Abraham thus announced himself. Of course it is not given to democratic prints to have access to interviews between abolition committees and the President, nor will these abolition committees report the incidents and results of their interviews with the President to such prints. We are compelled, therefore, to look to abolition prints or the incidents and results of such interviews. It appears such an interview took place one day last week, the incident and result of which are thus stated by the Washington correspondent of several western abolition prints:

"A delegation of western men, including two United States Senators, made the offer of certain negro regiments to the President, to which offer, as stated last night, the President replied that he had decided not to arm negroes. The matter then was freely discussed with reference to Lane's project and the general policy. The President was plied with arguments against his decision, and discussion became gradually more excited: 'Gentlemen,' said the President, 'you have my decision. I have made my mind up deliberately, and mean to adhere to it. It embodies my best judgment, and if the people are dissatisfied, I will resign and let Mr. Hamlin try it.' To which one of them replied. 'I hope in God's name, Mr. President, you will.' The heat of the discussion seems to have arisen from the feeling that the President was drawing back from the ground his visitors thought he had given them reason to believe he occupied.'"

This is the abolition committee's version of the interview, and probably there is nothing in it which the President will care to correct. It is easy to see from it how completely the President's patience had been exhausted by the persistence and impertinence of the fanatics who have swarmed his house like so many vermon since the adjournment of Congress, demanding the most ultra, revolutionary, and destructive measures concerning the negroes and the war. His patience had not only been exhausted, but he had apparently found it absolutely necessary to announce his determination concerning the negroes in terms so positive and decisive as those employed by him, in order to free himself of these abolition committees in future and save some part of his time to the public service.—The earnestness of the President is disclosed by the emphasis of his language, and the impertinence of the committee culminated in the wish expressed by one of them that the President would resign and hand the government over to the negro-worshiper Hamlin, the Vice President, who welcomed Wendell Phillips in the Senate chamber last winter and entertained him at his house in Washington. The abolition Washington correspondeut does not report the answer of the President to this heated and violent committee man.

We do not wonder that the abolitionists do "hope, in God's name," that the President will resign. He alone holds the torch which, applied to the infernal machinery with which they have undermined the whole political and social fabric of the country, would light up universal conflagration. He alone holds this torch, and he refuses to apply it. He has "made up his mind deliberately," and "means to adhere to it," and they behold themselves baffled conspirators.

IMPROVING.—Our citizens continue to adorn and beautify their residences and places of business. Mr. L. Arnstein, we notice, has had his store front stuccoed which greatly adds to the beauty as well as the preservation of the building. The majority of the business men on Main street have treated their stores to a coat of paint which gives them a neat and cleanly appearance. Building, as usual, is progressing.

CAPT. EILERMAN has opened a recruiting office in Marysville, to raise a company for the new regimedt which is to go East as soon as filled. Captain Eilerman is said to be in every way competent to take charge of a company. The Marysville *Express* thus endorses him: "We can commend Captain Eilerman to the consideration af all who may wish to enlist, as a gentleman in every way worthy of their confidence and respect, and we believe him to be a thorough and gallant soldier." Those who have objected to "wasting their time in forts" have an opportunity to "see service" by entering any of the companies now being raised. Pitch in.

A GOOD CHANCE.—There is now an excellent opportunity offered for the blatant Republicans of this town to prove the sincerity of their assertions as to their attachment to the Union cause by volunteering in the regiment now being raised to go East. We know of several hale, hearty young men who have nothing to keep them back, and who have been busy in denouncing others for not going to the wars. Let them now set the example, and we venture the assertion that others will follow. Come out you rabid Republicans, and show the sincerity of your professions. But probably that kind of service wouldn't suit you! You "prefer waiting until you are sent for from headquarters."

U. S. SENATOR.—On Monday, the 8th instant, the legislature of Oregon convened and organized by electing General Palmer as Speaker of the House, and Dr. Bowlby, President of the Senate. On Friday, in joint convention the legislature proceeded to ballot for United States Senator, which resulted in the election of B. F. Harding, of Marion county. Harding was, we believe, formerly a Democrat, but has slightly *amended* his political faith by adding "Union-Administration," which, however, is said to have been done to counteract the abolitionists. We are indebted to the Albany (Oregon) *Inquirer* for this item.

BETTER READ IT.—The recent General order received by General Wright, military commander of this department, wherein he calls attention to the act of Congress to "suppress insurrection, to punish treason and rebellion." Some of you may have cause to regret your headlong course.

RETURNS.—We detected an error in the election returns as published in our last issue, and having had a greater demand for our paper last week than we could supply, we republish the returns this week. We have carefully compared this table with the copy and know it to be correct.

APPOINTMENTS.—The Methodist Episcopal Conference reappointed the Rev. J. H. Maddux to take charge of the Church at this place. This will no doubt be gratifying to a large portion of the people of this town, as Mr. Maddux by his kind and Christian-like conduct has secured the affections of all who know him.

EASTERN NEWS.

DATES TO THE 20th SEPT.

GALLIPOLIS (Ohio), Sept. 18th.—The total value of Government stores destroyed in Colonel Lightburn's retreat, is estimated at half a million of dollars. His loss in killed and wounded is about one hundred. The salt works between Charleston and Camp Platt fell uninjured into the rebel hands, with large quantities of salt. They are now being run night and day by the Confederates.

INDIANAPOLIS, Sept. 19th.—The Adjutant of the Seventeenth Indiana Regiment, who escaped from Mumfordsville, Kentucky, immediately after the surrender, reports that we lost ten pieces of artillery. The Federals were completely surrounded by Bragg's forces, estimated at thirty thousand strong. The number of our killed and wounded will not exceed fifty.

PHILADELPHIA, Sept. 20th.—A special dispatch to the *Press* from Middletown, Md., dated the 19th, says upon the occupation of Harper's Ferry by Burnside the rebels retreated, leaving cannon and stores behind, and several hundred Federal troops whom they did not have time to parole. Our troops crossed on the bridge, which was unimpaired, and pursued the rebels as far as Martinsburg.

FREDERICK, Sept. 20th.—A gentleman who left Boonsboro last night says there was considerable firing between ours and the rebel batteries across the river, the latter endeavoring to prevent our pursuit at the river bank. Many conflicting reports were received here during yesterday of skirmishing with the rear guard, but all agreed that the rebels were in full flight for the Potomac.

A gentleman who left McClellan's headquarters at four o'clock yesterday afternoon, says Burnside had crossed the Potomac, and was harrassing the rebels. The latest reports received say the rebels were forced to destroy a large portion of their trains, and spike and abandon considerable artillery, to prevent its falling into our hands, so closely were they pursued.

WASHINGTON, Sept. 20th.—A dispatch from the headquarters of the Army of the Potomac to-day, says: The rebels are still visible on the opposite shore, in force. They have posted a large amount of artillery to prevent our crossing the river.

HEADQUARTERS ARMY OF THE POTOMAC,
Sept. 20th.

The rebel army has succeeded in making its escape from Maryland. They saved the greater part of their transportation trains, and carried off all their wounded except about three hundred.

During the engagement of Wednesday nearly every house in Sharpsburg was struck by our shells.

The name given to the battle is Antietam. After our forces had occupied the whole field the rebel loss was found to be far greater than was at first supposed. Full twenty-five hundred dead were found lying on the field. While a much larger number had been buried the day before by friends. Their loss in killed and wounded will not fall short of eighteen or twenty thousand. The rebel Generals Ripley, Walker, and Hayes were wounded, and General Clark was killed. Our troops are in excellent spirits over the result.

CAIRO, Sept. 20th.—Considerations of public policy prevented mention of the movements of the troops in the vicinity of Corinth till now. On Tuesday, General Rosecrans marched from Corinth in the direction of Iuka [Jacinto?] Miss., where he met General Price with a force of 15,000 men, who seemed to be making for Eastport, Tishemingo county, Miss., with the intention of crossing the Tennessee river and joining Bragg in Kentucky. At four o'clock yesterday afternoon heavy skirmishing commenced, and continued till nightfall. Early this morning the fight was renewed, and continued till noon, when the enemy gave way, retreating southward. The Federal loss is not far from five hundred killed and wounded. The rebel loss has not been ascertained, but it exceeds ours. Among the rebel casualties it is mentioned that General Little, formerly Governor of Mississippi, was killed, and General Whitefield was severely wounded and captured. We took five hundred prisoners. Our army is in full pursuit, and hopes are entertained that we shall be able to at least capture the enemy's artillery.

NEW YORK, Sept. 20th.—Sterling dull at 128 @129. Gold steady at 101; Bars nominal at 17; 6's of '81, 101@101¼; 7 3-10 Treasury notes 4¾@4⅞; Pacific Mail, 112½.

OMAHA (Nebraska Territory), Sept. 20th.—Messengers sent from the northern settlements report that the panic caused by the Indian massacres in Minnesota had subsided. There is not now the remotest probability of trouble to settlers in any part of this Territory from Indian depredations.

ST. LOUIS, Sept. 20th.—It is understood that a general Court martial has been ordered to meet here on the 24th, for the trial of General McKinstry. General Harney will preside. Since McKinstry's arrest in November last, he has been incessant in application for a Court of Inquiry.

LOUISVILLE, Sept. 20th.—Very many reports are in circulation from down the railroad, the transmission whereof is forbidden by the military authorities, who, however entertain the belief that the preparations now actively consummating will not only insure the safety of Louisville, but speedily clear Kentucky of the rebels.

TOO FAST.—The Sacramento *Union* in its Tuesday's issue, devotes its leading article to an attack upon McClellan, censuring him for the alleged slow movements of his army and for allowing Jackson and the rebel army to recross the Potomac and escape out of Maryland. The article seems to be founded upon what the writer hoped, or expected, would occur, rather than the actual facts. At the time it was published, we had no intelligence in which any reliance could be placed, that Jackson had gone back into Virginia, or that any considerable portion of the rebel army crossed the Potomac. The writer seems to be among those who have imbibed a hatred against McClellan, and would rather hear of the defeat than a victory of the Federal army while under his command.

We clip the above item from the Nevada *Democrat*. All who have noticed the course of the paper mentioned in the extract cannot have failed to have seen that it has evinced a spirit of fault-finding with the officers of the government since the commencement of the war. That the lip-patriotism of that journal has been forced is apparent, and that it is exerting its influence to bring the action of those in office into disrepute with the people of this State, is evident. The editor and publishers should be accommodated with a cell at Fort Alcatraz where their hypocritical whinings could not be heard. We know of no better way to discourage enlistments than by lessening the confidence of the people in the competency of the commanding Generals.

MILITARY ORDER.—Capt. Kopp, of the Pacific Guards, has received notice to hold his company in readiness for an order to appear in Sacramento on the third of October next, for inspection and review. They are to be armed and equipped, as the law directs, with pick handles for rifles and shovels, (less the handles), for shields.—Won't our "sogers" cut a shine—eh?

SEWING MACHINES.—Any person desiring to purchase a sewing machine can do so by applying at this office, either Wheeler & Wilson's or Grover & Baker's patent. One-half of the price of either taken in wood.

SOMEBODY from Auburn, who Lynch has been saying some hard things of, recently visited his office for the purpose of "cleaning him out," but that worthy saved his bacon by "skedaddling."

QUITE a severe shower fell in this place on Saturday evening last, much to the satisfaction of everybody.

QUIT.—C. B. McDonald, after killing the Sierra *News*, which paper he had charge of, has "skekaddled," and will probably attempt to do the same thing somewhere else.

Codfish Patriot.

When a man, says the La Crosse *Democrat*, stands on a street corner and says the President should be compelled to resign if he will not make this war an abolition crusade, he is a traitor. When he stands up and says he will not fight only to crush slavery, he is a traitor and coward. When he says the Constitution is at war with common sense, he is a coward and fool. Yet, all over this State are just such men. The President does not suit them. The war policy does not suit them. They burned oil and filled towns with a stinking perfume—elected a Republican President, and now denounce him as a coward and traitor, and the Constitution he is endeavoring to maintain, as a rope of sand, such codfish patriots do more to retard enlistments than a hundred defeats. This is no time for argument, or for educating the people. There is work to do, and it must be done. If Lincoln sees fit to forbid the arming of negroes, we must acquiesce. If he says arm them we must endorse him. None of us are to be the judges of what is policy or what is not—as citizens we must stand by the Constitution and those who enforce the laws or all is lost for ever. For the sake of posterity if not for ourselves, let us have done with agitation, and act like sensible men—like brothers and patriots.

We have thousands in this State of a like stripe. They should be accommodated with a cell, so that honest patriots could be allowed to aid the government without hindrance. They are the last to fight, but the first to blat out their silly and treasonable complaints.

A WORD TO THE AGED.—In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We endeer to the aged Dr. HOSTETTER'S STOMACH BITTERS as an invigorant and restorative, immediate in its beneficial action and permanent in its effect. It tones the stomach, improves the appetite, acts like a charm upon the spirits. For dyspepsia, oppression after eating, billious cholic, wind cholic, spasms of the stomach, sick or nervous headache chills and fever, tremens, prostration, and all the complaints special to the feebler sex, the Bitters are earnestly recommended by thousands who have witnessed their superior efficacy in such cases. Sold by all druggists and dealers everywhere. m13-1m

EVERY housekeeper experiences how difficult it is in making good bread and we therefore take pleasure in calling attention to the fact that to insure uniformly LIGHT, SWEET and NUTRITIOUS bread, it is only necessary to use REDDINGTON'S & Co.'s YEAST POWDERS, which in every respect excel all similar prepartions ever offered to the public. See advertisement in another column.

In calling the attention of the reader to the advertisement of Dr. J. C. Young, to be found in another part of this paper, we feel we are answering the dictates of honest conviction in pointing out to suffering humanity the honest and skilful medical practitioner. It is the duty of every man, whose knowledge places it in his power, to act as a guide to those who otherwise would unwittingly take a wrong path. Throughout the length and breadth of our fair State is spread the insidious seeds of a terrible disease. No need to be thus. No need to wear out a life of pain and anguish and in the end to fill a dishonored grave. Hesitate no longer unfortunate ones, but turn to the Doctor who alone can restore you, giving you in place of wasted energies and an impaired constitution, full health vigor and power.

Actuated by the wish to exert his powers to cure, he proves his honesty by the motto at once displaying his conviction of his capability, and showing his confidence in mankind, "*No Cure no Pay.*" The Doctor's office is No. 751 Clay St. opposite the Plaza Hotel., Plaza, San Francisco. 45

THE MEDICAL AND SURGICAL INSTITUTE OF DR L. J. Czapkay, is already secured in a position which places it, as well as its proprietor, far above the assaults of envy and professional malice. In the schools of France, the highest prizes are awarded to practitioners in this department of Medical Science, and they occupy with others, an equally lofty position in the profession. Ricord, is an illustrious example, a shining light among the philosophical stars of his age in Europe and Dr. Czapkay has fully equalled him in this country; as a proof of which, the Philadelphia College of Medicine complimented him with a Diploma and the honorary *ad eundem* degree. Selecting this as his field of operation although qualified as a graduate of the University of Pesth, and late Chief Surgeon of the Hungarian Revolutionary Army, for more extended labors, Dr. L. J. Czapkay, has bent his earnest attention to the cure of chronic and private diseases, in which he has become so great an expert that he is now regarded as the leader in this branch of his profession throughout the United States, and his portrait and biography are published as matter of interest to their readers in the most exclusive journals. The Doctor's offices are at his Medical and Surgical Institute, on Sacramento street, corner of Leidesdorf, nearly opposite the building of the Pacific Mail Steamship Co.

[From the Chatfield Democrat.]

The Condition of the Nation.

[A prominent gentleman of this city, says the St. Paul *Journal*, permits the publication of the following extract from a letter lately received by him in the ordinary course of private correspondence. The writer has attained the extraordinary age of *four score* years—is still actively engaged in the pursuits of private life—and his views and reflections are expressed with a remarkable vigor which cannot fail to be impressive to the reader:]

NEW YORK, July 20, 1862.

* * * * *

Let me now refer to another topic, and that is one in which we all feel an interest—the state of our country.

You have no idea of the gloom which is cast over the countenances of our business men, as well as those out of business. The rich have become poor, and the poor poorer—or will soon become so. The necessities of the Government are so pressing, that an immense debt has been incurred and goes on every day increasing to that extent, that the direct taxes imposed on the people by Congress will be unsufficient to pay the interest of the debt. And why? because the apportionment, if I mistake not, is made on the whole population of the United States, whereas the burden is likely to fall on the shoulders of the Northwestern and Western States—for if with all our resources of men and money, we have as yet, accomplished hardly anything against the rebellion, it looks much as if we never will conquer them; and if we do what will we gain but an impoverished country, unable to contribute and assist us? The signature of the President to the Confiscation Bill puts the climax to the whole bad legislation of Congress. I can assure you that the generality of our Union and conservative men were perfectly astounded, for they expected that he would have interposed his veto. Now the war is looked upon no longer for the restoration of the Union, but for the emancipation of the negro! The radicals have it all their own way, and we may look forward for an indefinite war, unless the European Powers interfere and compel us to settle our difficulties. A suspension of hostilities and diplomatic arrangements might be made satisfactory to both parties, by which the South would be made to pay, in time, their share of this unnatural war, and thus alleviate the burden which otherwise must inevitably fall to our lot. Rest assured that the new levy of three hundred thousand men will be a more difficult task to accomplish than our administration imagine. Citizens who would have come forward with alacrity to respond to the call, begin to reflect that the battle is no more for the Union as it was, but for the enfranchisement of the negro; for his elevation to the rank and privileges of the white man, will turn a deaf ear to the *call*. Already, the different Northern States are obliged to offer a *cash* bounty of fifty to seventy-five dollars to the recruits who come forward. *Is this state of things to be looked upon as patriotism!* The Governor of our native State, Ohio, has proclaimed that if the quota of men asked for are not forthcoming in thirty days, he will resort to drafting! Should he do so, his people will rebel, or if sent forward forcibly, what kind of soldiers will they prove to be when on the field? I have conversed with many of our young citizens, some who served three months, about a year ago, all were unanimous in their response—and that is—they will go to jail and rot there before they again shoulder a musket to free negroes. This sentiment is gaining ground every day, and will spread like wild fire all over this State.

As to commerce, it is almost prostrate. The manufacturers of the East have us now (with our high tariff) completely in th ir power. Our robbers do not even pretend to offer their goods, as prices are going up daily on cotton and woolens. They expect to make large fortunes out of this state of things, and no doubt will succeed to their object. Everything will be inflated beyond the means of the middle and poor classes—for we must not lose sight of one thing,—and that is that wages will not increase in ratio with the advances on all the necessaries of life. What a sad picture for the future of this once happy and prosperous country! The responsibility of our troubles rests with the negrophilites, the fanatics of our Eastern States and some of the Western, also; although I am happy to see that the State (Wisconsin) has come to understand that she was erring and is now willing to acknowledge her fault; perhaps others may follow her laudible example. I hope so. You are aware that our stocks are gradually receding. Gold and foreign exchange going up, up, all the time. Even our neighbors of Canada refuse our paper money; and were you traveling there, you could not get a meal with one of our five Treasury notes. Exchange is 24 per cent. on Canada, and *vice versa*. So that the trade between the two countries is at a stand still.

A Repentant Abolitionist.

The Portland, Maine, *Argus*, speaking of the case of George H. Blake, of that city, who after the capture of Hilton Head, proceeded to that place as a negro missionary, to propagate abolitionism. He has returned and now publishes his views on the present condition of the slave population and their moral and intellectual fitness for freedom. He has been of the immediate emancipation school, and the question as to what was to be done with the negro had never entered his mind. The question troubles him now.

He protests against immediate emancipation for the reason that "we would have either four million of paupers for government to sustain, or, being incapable of self-support in its fullest sense, they will prey upon the communities wherever they shall enter." He says further.

Before I went South, Fremont had issued his proclamation, giving unconditional emancipation to the slaves of rebels in Missouri. I hailed that proclamation as a godsend, and most heartily endorsed it. I only wished then that our noble President would catch a similar spirit. I return North from South Carolina with altogether new and different feelings. My experience and observation, though limited; have taught me a new lesson. There must be a controlling power exercised over the negro of the present generation, educated as he has been under a system of slavery, else you ruin the blacks and weaken the government.

Will not such facts awaken the people to a repudiation of the crude and dangerous measures which the abolition Representatives in Congress are seeking to fasten upon the country? Will they not vote to put a different class of men into the next Congress?

There are others who, with the like experience, would arrive at the same conclusion. They should be sent to Dixie.

DEATH OF HOLMES.—L. A. Holmes, "Jolly Holmes," of the Mariposa *Gazette*, is no longer of this earth, having died at Stockton, on the 8th inst., of dropsy, at the age of thirty-five years. Holmes, as we learn from the Stockton *Independent*, was a native of Pomfret, Connecticut, and came to California in 1852. In 1855 he purchased the material of the Mariposa *Chronicle*, having previously been engaged in the mercantile business, and established the *Gazette*, which he conducted from that time till near his death, having also bought an interest in the Visalia *Delta*, about eighteen months ago. Holmes was the soul of jolity and earnestness, having a dashing and an honest air about him, both in his character of a journalist and as a private citizen, which obtained the deepest and most permanent esteem of those who agreed with him, and the respect, at least, of those who disagreed with him. Holmes was a sort of privileged member of the craft; as a wit or a humorist—and he certainly was both—he was frequently severe, even broad, but the rays of real goodness and genuine manliness shone forth above his pen trifles, and, in the magnanimity of a good heart, palliation was furnished for what might have otherwise been considered censurable among the fastidious. An easy sleep to thee, friend and brother of the quill.—*Grass Valley National*.

THE Court of Sessions for this county will meet on Monday next. Those who have business at this court will "govern themselves accordingly," thereby saving their fines.

FROM THE SOUTH.

Threatened Retaliation for Gen. Pope's Order—Letter from Jeff. Davis.

THREATENED RETALIATION.

Adjutant and Inspector General's Office,
RICHMOND, August 1, 1862.

First. The following orders are published for the information and observance of all concerned:

Second. Whereas by a general order, dated the 22d of July, 1862, issued by the Secretary of War of the United States, under the order of the President of the United States, the military commanders of that government within the States of Virginia, South Carolina, Georgia, Florida Alabama, Mississippi, Louisiana, Texas and Arkansas, are directed to seize and use any property, real or personal, belonging to the inhabitants of this Confederacy, which may be necessary or convenient for their several commands, and no provision is made for any compensation to the owners of private property thus seized and appropriated by the military commands of the enemy.

Third. And whereas by general order No. 11, issued by Major Gen. Pope, commanding the forces of the enemy in Northern Virginia, it is ordered that all commanders of any army corps, divisions, brigades and detached commands, will proceed immediately to arrest all disloyal male citizens within their lines or within their reach in the rear of their respective commands. Such as are willing to take the oath of allegiance to the United States, and shall furnish sufficient security for its observance, will be permitted to remain in their houses, and pursue in good faith their accustomed avocation; those who refuse shall be conducted South beyond the extreme pickets of the army, and be notified that if found again anywhere within our lines, or at any place in the rear, they will be considered spies and subjected to the extreme rigor of military law. If any person, having taken the oath of allegiance as above specified, be found to have violated it, he shall be shot, and his property seized and applied to the public use.

Fourth. And whereas by an order issued on the 13th of July, 1852, by Brigadier General A. Steinmehr, Major W. Steadman, a cavalry officer of this brigade, has been orderd to arrest five of the most prominent citizens of Page county, Virginia, to be held as hostages, and to suffer death in the event of any of the soldiers of said Steinmehr being shot by bushwhackers, by which term are meant the citizens of this Confederacy, who have taken up arms to defend their lives and families.

Fifth. And whereas it results from the above orders that some of the military authorities of the United States, not content with the unjust and aggressive warfare hitherto waged with savage cruelty against an unoffending people, and exasperated by the failure of their efforts to subjugate them, have now determined to violate all the rules and usages of war, and to convert the hostilities hitherto waged against armed forces, into a campaign of robbery and murder against innocent citizens and peaceful tillers of the soil.

Sixth. And whereas this government, bound by the highest obligations of duty to its citizens, is thus driven to the necessity of adopting such just measures of retribution and retaliation as shall seem adequate to repress and punish these barbarities. And whereas the orders above recited have only been published and made known to this government since the signature of a cartel, for the exchange of prisoners of war, which cartel, in so far as it provides for an exchange of prisoners hereafter captured, would never have been signed or agreed to by this governm nt if the intention to change the war into a system of indiscriminate murder and robbery had been made knewn to it. And whereas a just regard to humanity forbids that the repression of crime, which this government is thus compelled to enforce, should be unnecessarily extended to retaliation on the enlisted men in the army of the United States, who may be unwilling instruments of the savage cruelty of their commanders, so long as there is hope that the excesses of the enemy may be checked or prevented by retribution on the commissioned officers, who have the power to avoid guilty action by refusing service under a government which seeks their aid in the perpetration of such infamous barbarities.

Seventh. Therefore, it is ordered that Maj. Gen. Pope, Brigadier General Steinwehr, and all commissioned officers serving under their respective commands, be, and they are hereby expressly and specially declared to be not entitled to be considered as soldiers, and therefore not entitled to the benefit of the cartel for the parole of future prisoners of war.

Ordered, further, That in the event of the capture of Major General Pope or Brigadier General Steinwehr, or of any commissioned officer serving under them, the captive so taken shall be held in close confinement, so long as the ordeal expressed shall continue in force, and unrepealed by the competent military authorities of the United States; and that in the event of the murder of any unarmed citizen or inhabitant of this Confederacy, by virtue or under the pretext or any of the orders hereinbefore recited, whether with or without trial, whether under the pretense of such citizen being a spy or hostage, or any other pretense, it shall be the duty of the commanding General of the forces of this Confederacy to cause immediately to be hung out of the commissioned officers, prisoners as aforesaid, a number equal to the number of our own citizens thus murdered by the enemy.

By order, S. COOPER,
Adjutant and Inspector General.

JEFF. DAVIS' LETTER TO GENERAL LEE.

The following is the letter of President Davis to Gen. Lee, instructing him to communicate the facts in the above order to the commander-in-chief of the United States armies:

RICHMOND, Va., July 31, 1862.—Sir: on the 22d of this month a cartel for the general exchange of prisoners of war was signed between Major Gen. D. H. *Hill*, in behalf of the Confederate States, and Major General John A. Dix, in behalf of the United States.

By the terms of this cartel it is stipulated that all prisoners of war hereafter taken shall be discharged on parole till exchanged.

Scarcely had that cartel been signed when the military authorities of the United States commenced a practice changing the whole character of the war from such as becomes civilized nations, into a campaign of indiscriminate robbery and murder.

The general order issued by the Secretary of War of the United States, in the city of Washington, on the very day the cartel was signed in Virginia, directs the military commanders of the United States to take the private property of our people for the convenience and use of their armies without compensation.

The general order issued by Major General Pope on the 23 day of July, the day after the signing of the cartel, directs the murder of our peaceful inhabitants as spies, if found quietly tilling the farms in his rear, even outside of his lines, and one of his Brigadier Generals, Steinmehr, has seized upon innocent and peaceful inhabitants, to be held as hostages, to the end that they may be murdered in cold blood, if any of his soldiers are killed by unknown persons whom he designates as "Bushwhackers." Under this state of facts, this government has issued the enclosed general order, recognizing Gen. Pope and his commissioned officers to be in the portion which they have chosen for themselves, that of robbers and murderers, and not that of public enemies, entitled, if captured, to be considered as prisoners of war. We find ourselves driven by our enemies by steady progress towards a practice which we abhor and which we are vainly struggling to avoid.

Some of the military authorities of the United States seem to suppose that better success will attend a savage war in which no quarter is to be given, and no age or sex to be spared, than has hitherto been secured by such hostilities as are alone recognized to be lawful by civilized men in modern times.

For the present we renounce our right of retaliation on the innocent, and shall continue to treat the private enlisted soldiers of Gen. Pope's army as prisoners of war; but if, after the notice to the government at Washington, of our confining repressive measures to the punishment only of the commissioned officers who are willing participants in these crimes, these savage practices are the last resort of accepting the war on the terms observed by our foes, until the outraged voice of a common humanity forces a respect for the recognized rules of war.

While these facts would justify our refusal to execute the generous cartel by which we have consented to liberate an excess of thousands of prisoners held by us beyond the number held by the enemy, a sacred regard to plighted faith, shrinking from the mere semblance of breaking a promise, prevents our resort to this extremity.

Nor do we desire to extend to any other forces of the enemy the punishment merited alone by Gen. Pope and the commissioned officers as choose to participate in the execution of his infamous orders.

You are hereby instructed to communicate to the commander-in-chief of the United States the contents of this letter, and a copy of the enclosed general order, to the end that he may be notified of our intention not to consider the officers hereafter captured from General Pope's army as prisoners of war. Very respectfully yours, &c.,

(Signed) JEFFERSON DAVIS.

To General R. Lee, commanding.

HEADQUARTERS DEPARTMENT OF THE PACIFIC,
SAN FRANCISCO, (Cal.), Sept. 17, 1862.
[General Orders No. 34.]

In pursuance of an Act of the Congress of the United States, entitled "An Act to suppress insurrection, to punish treason and rebellion, to seize and confiscate the property of rebels, and for other purposes," approved July 17, 1862, the attention of all persons in this Military Department—embracing the States of California and Oregon, and the Territories of Washington, Utah, Nevada, and that portion of New Mexico known as Arizona—is called to the provisions of said Act:

SECTION 5. And be it further enacted, that to insure the speedy termination of the present rebellion, it shall be the duty of the President of the United States to cause the seizure of all the estate and property, money, stocks, credits and effects of the persons hereinafter named in this section, and to apply and use the same and the proceeds thereof for the support of the army of the United States; that is to say, of any person who, owning property in any local State or Territory of the United States, or in the district of Columbia, shall hereafter assist and give aid and comfort to such rebellion, and all sales, transfers or conveyances of such property shall be null and void, and it shall be sufficient bar to any suit brought by such person for the possession or the use of such property, or any of it, to allege and prove that he is one of the persons described in this section.

The Safes are secured by our Combination Lock. This Lock is in every respect the most secure one in use; it requires the key and combination to open the Safe. If the key should be abstracted from the owner, it would be perfectly useless to the possessor without his knowing the combination, or mental key, which the owner carries in his head. HALL'S SARSAPARILLA,
Yellow Dock and Iodide of Potass.

This celebrated preparation has stood the test of six years with the California public—who are justly considered as a community the most intelligent in the world—during which period we are proud to say it has given more than satisfaction:—it has become the household remedy for Californians particularly, who, from much exposure, bad food, imperfect shelter and irregular habits, suffer more from

RHEUMATISM

Than any community in the world; and we are safe in saying that as a rule, California Rheumatism cannot be cured thoroughly without the use of

HALL'S SARSAPARILLA,

It is the only preparation that will cure Rheumatism, as thousands can testify who have tried the medicines of the best Doctors in the country, without receiving any benefit therefrom. It all cases it gives immediate relief when taken as per directions on the bottle.

FEMALES

in delicate health would do well to try the virtues of this remedy, as it insures a peculiar beneficial influence upon the vascular system not obtained by any other remedy. It quickly removes from the blood and other fluids the impurities of unhealthy secretions, which engenders a long train of diseases, such as Scrofula, Ulcers, Boils, Blotches and Pimples on the face and body, Humors, Pustules, Sores, Tumors, Rose or Erysipelas, Tetter, Scald Head, Swelled Neck, Liver Complaint, Lumbago, Chronic Sore Eyes, Gout, Cancer, Enlargement of the Ovaries, and diseases of the Heart, are cured by the renovating action of this truly valuable medicine. It acts like a charm, purifying the blood of all morbid and corrupt matter, and at the same time strengthens and invigorates the whole system.—Salt Rheum will positively yield to the medical powers of this remedy, in conjunction with Hall's Rosemary Cerate, it has cured cases of over twenty years standing, the disease covering nearly the whole surface of the body.

MERCUIAL DISEASES

and all diseases arising from lead, mercury, and arsenic, such as aching pains in the bones, dimness of sight, low fevers, and worst of all, mercurial Rheumatism, are relieved by one bottle of this remedy. Night sweats, wasting of flesh, spitting of blood, habitual costiveness, and piles—thousands can testify to the efficacy of Hall's Sarsaparilla, Yellow Dock and Iodide of Potass in the above named diseases. It increases the appetite and the flesh, gives a healthy tone and vigor to the whole system, building up a new constitution. As the constitution is the blood and this remedy thoroughly purifies, cleanses, and purges it of impure matters, and at the same time stimulates into healthy action the whole Visceral System, which is engaged in the manufacture of the blood, hence the health of the whole system will follow, and a

LONG LIFE

with a healthy and cheerful mind—sure indications of a healthy body—can be obtained by the most delicate person, by thoroughly purging the blood in the Spring and Fall of the year, with

HALL'S SARSAPARILLA, YELLOW DOCK AND IODIDE OF POTASS.

Imitations,

Owing to the great and unparalleled success of the remedy, hundreds of unprincipled persons seek to palm off on the public, worthless trash called by the same name. The Genuine Hall's Sarsaparilla contains neither spirits, mercury or arsenic.

Sold by Druggists and Dealers everywhere for $1, and by the proprietors,

He flatters himself that his experience in the business, and his long acquaintance with the people of California, will be a guarantee that no one will leave his house dissatisfied, and he pledges himself to spare no pains or expense in providing every means for the comfort and satisfaction of his guests,

THE AMERICAN EXCHANGE is so well known to the people of California, that it seems almost unnecessary to say anything in praise, either of the building or its location. The Proprietor will only remark that it is inferior to no house in the State in all the requirements of a FIRST CLASS HOTEL, being in a central location and easy of access from all parts of the city. The ROOMS are large and WELL VENTILATED, and furnished with Spring Mattresses. Water has been introduced into all part of the house.

A CRADLE SONG.

BY ELLA.

Lulla-by, lulla-by,
Sleep baby sleep,
Unseen angeles hovering by
Vigils o'er thee keep.

A mother's arms do thee enfold,
A mother's love more pure than gold;
Encircles thee her brightest gem.
For thou art dearer far to her,
Than kingly crown or diadem.

Lulla-by, lulla-by,
Sleep baby sleep,
All unconscious of the strife,
Of the ones who weep.

Thou know'st not the warring world,
How treason's banners been unfurled,
And thousands sleep the sleep of Death,
Who for their country nobly fought,
And freely gave their latest breath!

Lulla-by, lulla-by,
Sleep baby sleep,
Unseen angels hovering by
Vigils o'er thee keep.

A mother's prayers to Heaven for thee,
Borne by the night wind silently,
Are circling round the Savior's throne,
Pleading, when life's race is run,
He may claim thee for his own.

Clay City, Illinois.

ANECDOTE OF GEN. WASHINGTON.—During sixty years' residence in New York, it was my custom when the birthday of Washington came round, to get the following anecdote inserted in one or two of the daily papers. A good story is not the worse for being twice told, nor a good sermon the worse for being twice read. In 1796, I heard the farmer referred to, narrate the following incident. Said he, "When the British army held possession of New York, and Washington with the American army lay near West Point, one morning I went out at sunrise to bring home the cows. In passing a clump of brush-wood, I heard a moaning sound like a person in distress. On nearing the spot I heard the words of a man at prayer. I listened behind a tree. The man came forth—it was George Washington, the captain of the Lord's host in North America."

This farmer was a member of the Society of Friends, who, being opposed to war under any pretext, was lukewarm, and in some cases opposed to the cause of the country. This farmer was a tory. However having seen the General enter the camp, he went to his own house, and said to his wife:

"Martha, we must not oppose this war any longer. This morning I heard the man George Washington send up a prayer to Heaven for his country, and I know it will be heard."

This Friend dwelt between the lines of the two armies, and subsequently gave Washington many items concerning the movements of the enemy, which rendered good service to the American cause.

From this incident we may infer that Washington rose with the sun to pray for his country, he fought for her at meridian, and watched for her at midnight.

Now, Mr. Printer, I advise every editor of a newspaper between Montauk point and the Rocky Mountains, if three drops of American blood is running in their veins, that they insert this anecdote in their daily or weekly journal every twenty-second of February, (Washington's birthday,) as long as trees grow and water runs.

I voted three years while Washington was President—I married three bonnie Yankee lasses—this, I think, is being naturalized enough, in all good conscience. I therefore hold myself an American to all intents and purposes.

THE renegade Forney, in a late speech made in the abolition Know-nothing convention at Harrisbug, said: "The great object of the democratic party is to secure a peace, and to degrade us, they are trying to divide the northern people. They are for uniting the South and dividing us." This is from a man who owes what little of reputation and position he has in life to the party he defames and villifies. The democratic party upheld Forney while he was an honest man. It discarded him when he sought to ruin it because of his malice to Buchanan—the insane malice which led him to sell himself as a prostitute to the vile embraces of abolitionism. And now he "flis to cursing like a very drab," the party he has almost all his life-long supported and battled for. His charges against the democratic party are proven false by the dead bodies of democrats lying on every battle field from the western boundary of Missouri to the swamps of the Chickahominy. And we are to sit quietly and bear the slanders of such knaves, or be told we are creating dissention: that we think more of party than we do of patriotism. The democratic party knows how to deal with traitors. When they are in arms, its argument is steel; when they are only blatant, its argument is, the ballot. November will prove that steel and the ballot will crush both classes. Until when, democrats ask no counsel as to the manner of their proceeding. Nor then. Their duty is always plain: to maintain in their entirety the Union and the Constitution. Neither time nor change nor circumstances can alter this duty or swerve democrats from it.—*Chicago Times.*

TURNERS' ESSENCE OF Jamacia Ginger!

This article, like the Ginger Wine, is carefully and elaborately prepared and selected from the best quality of articles. It possesses all the true properties of the JAMAICA GINGER, and we do not hesitate to warrant it to be free from any and every injurious or irritating properties.

It is not only harmless, but it is eminently beneficial in all cases where a warm Cordial or a grateful stimulant is required. Especially is this the dose when there is felt by the patient a sense of exhaustion, arising from either heat or fatigue. Under such circumstances a few drops taken in half a tumbler of water, with a little sugar, will be useful. It will be found in such cases a pleasant and effective restorative; on this account this essence is a highly important addition to the voyager and traveler's portmanteau. It is also important to the family collection of remedies for diseases.

When there is a great Nausea, of the Stomach, or Oppression of Spirits, arising from imperfect digestion, from riding in a carriage, or from the motion of a vessel at sea, this Essence if taken in accordance with the above directions will be found invariably to give relief.

In ordinary Diarrhœa, incipient Cholera, and indeed in all diseases by which the nervous system may become prostrated, and the digestive organs deranged, this Essence will be found most invaluable.

SICK MEN AND WOMEN.
What Constitutes Health?

RICH PURE BLOOD, NATURAL PERSPIration, Good Appetite for Food, Sleep, Exercise and the enjoyments of Nature, with strength o. Body, Mind and Limbs—Activity of the Liver, and all other Natural Functions; such a state is felt by all after using

DR. WEBBER'S
Invigorating Cordial Sanguifier!

To many the above may seem extravagant praise of this concoction, but if they could see (as I have) the many whom this has restored to health, they would not be surprised at any language used in its praise. To offer more certificates is useless; at least eighty have already been published, and only the thick-headed, self-wise skeptic and unbeliever can doubt that it is the most blessed health-restorer and strength-giver ever invented by man. It restores and permanently invigorate the broken down system. Nay, more; it replaces natural weakness with strength. The desponding it revives, the feeble it endows with vigor, and the cheerfulness and strength which it restores or creates, it also preserves. To the sickly wife it imparts that degree of vital force necessary to the crowning joy and great object o. matrimony. To the debilitated husband it gives the nervous and muscular energy which characterizes manhood. In all cases of nervous disease, low spirits, indigestion, liver complaint, indisposition to mental exertion, lassitude, emaciation, impotence, etc., in fact, in all complaints, acute ane chronis, which depress and weigh down the mind and body, it is an absolute, infallible specific.

Nature's Own Remedy for Man Sickness.

That creates, reproduces new and pure blood—that acts on the liver, heart, brain, intestines, limbs and chest—that revolutionizes the whole system—gives strength to the most debilitated and weak—that contains no mineral or other poison. Such is, in truth, DR. JACOB WEBBER'S JUSTLY FAMOUS INVIGORATING CORDIAL SANGUIFIER.

The extraordinary and strange cures effected by this beautiful herbal concoction, has astonished all. It seems to suit every constitution. THE OLD, THE FEEBLE, THE LANGUID, now feel new life and blood is given them. The roue, the dissipated debauchee, the weak from long disease, taking too much medicine, calomel and other mineral poisons; the young man whose manhood is wasted, where nature's functions are inert and lifeless, experiences the bliss of ROBUST AND VIGOROUS MANHOOD; his appetite is good, his sleep is quiet and refreshing, his mind and memory clear and certain.

A YOUNG GENTLEMAN, whose personal appearance, fortune, and position is A No. 1, wishes to unite himself to a lady with similar qualifications. The advertiser being sincere, will here describe himself; and although he is young in appearance, he will admit himself on the "shady side of fifty." The advertiser is of medium stature, neither too fat nor too lean; dark eyes and expressive countenance; and he must here confess he is vain in stating that he has the most snowy white teeth, (natural ones,) hands, brow and skin as clear as a child's; his hair and whiskers are deep brown, and he can assure all that these latter beauties were given him by using for two months Lafont's West India Soap Teeth Root for his yellow teeth, and Jones' Coral Hair Restorative on his gray, coarse hair, and by shaving and washing with Jones' Italian Soap. His coarse, wrinkled skin and hands have thus been made white and clear. These beautiful articles can be had reasonacle at every drug store in California and Oregon.

MEDICAL.

DR. J. C. YOUNG,
LATE PROFESSOR OF THE UNIVERSITY PENNSYLVANIA.
Can be found at **751 Clay Street,** opposite the Plaza Hotel, San Francisco, California.

Where he can be consulted privately and with the utmost confidence by the afflicted, at all hours, daily (from 9, A. M., until 8, P. M.) *Cure guaranteed or no pay required. Consultation by letter or otherwise,* FREE.

DR. J. C. YOUNG'S Private Medical and SURGICAL ESTABLISHMENT occupies the entire upper part of that new and spacious building **No. 751 Clay Street,** rendering it strictly private, with no fear of meeting other than those connected with the office, and *devoted exclusively to the treatment of Private Diseases of whatever nature.*

Dr. Young would call the attention of those requiring private treatment to the fact of its seclusion and perfect safety with which they can come and go without fear of interruption. The long practice of Dr. Young in the treatment of private diseases, *and all irregularities peculiar to Females,* has met with unprecedented success, and his well earned reputation so deservedly great renders the sufferers of both sexes able to judge of his capabilities. Dr. Young has taken this large building the better to afford his patients coming from a distance, and wishing a private residence all the comforts of a home. The Doctor would particularly call the attention of Ladies whom circumstances should render desirous of quiet and seclusion for a time, to his establishment where may be enjoyed all the necessary comforts of a *Lying-in Hospital,* with the advantage of *Private Attendance* and constant Medical attention.

Constitutional Debility.

DR. YOUNG addresses those who have injured themselves by private and improper indulgence in that secret and solitary habit which ruin the body and mind, unfitting them either for business or society. The following are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, nervousness, irritability, derangement of the digestive functions, general debility, symptoms of consumption, &c. MENTALLY, the fearful effects upon the mind are more to be dreaded. Loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self-distrust, love of solitude, timidity, &c., are most of the evils produced.

All persons who are affected with any of the above symptoms should not fail to call on DR. YOUNG, and be at once restored to perfect health. Let no false delicacy prevent you, but immediately, go and save yourself from the dreadful and awful consequences of this terrible malady.

WEAKNESS OF THE ORGANS immediately cured, and full vigor returned.

Advice to the Young.

YOUNG MAN, HAVE YOU CONTRACTED that terrible disease, which, when once seated in the system, will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life? Do not trust yourself in the hands of those mushroom Quacks that start up every day and fill the papers with abominable falsehoods, too well calculated to deceive the young and those not "posted up" in the tricks of the foreign and domestic imposters.

You cannot be too careful in the selection of a Physician, or a remedy, in these cases. You should apply to a man who has had ample experience, and possesses true skill in the treatment thereof. Such a Physician is Dr. J. C. YOUNG, who has treated and cured more cases of such diseases than any *one man* living to day, in this or any other country. His offices were the first that were opened in this city for the exclusive treatment of private diseases. His different publications have been republished in almost every country in Europe, and are now acknowledged as standard works, by our own medical colleges, and the profession throughout the country.

Dr. Young, by recent improvements in the healing art, is enabled to effect cures in a few days, without mercury, or change of diet, under a challenge of

Five Thousand Dollars!

Married persons, or those contemplating marriage, being aware of physical weakness, should consult Dr. Young.

Young Men,

Especially who have become the victims of solitary vice, that dreadful, fascinating and destructive habit, which fills thousands of sick rooms with paralytic and consumptives, and hundreds of untimely graves, with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings, and cure them for a moderate compensation. Indeed, he who places himself under the care of Dr. J. C. YOUNG, may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician, acknowledged by all the wealthiest and most respectable portion of our inhabitants.

Office, **751** Clay street, opposite the Plaza Hotel, Plaza.

Great Female Medicine!
The Greatest Discovery of this, or any other Age

DR. YOUNG'S PREVENTIVE POWDERS, for married ladies. These Powders will be found of essential value to those whose means, health or other circumstances do not permit them to increase the number of their family without great inconvenience, suffering, or perhaps risk of life. This preparation is new, safe, infallible, convenient, simple, and cannot injure the health of the most delicate. Nor does it curtail matrimonial privileges in the least. *Morally considered,* this preparation is of the highest utility, and sustained by the soundest principles of prudence, economy and virtue. It shows how a chemical effect may be produced, scientifically, and without injury to the constitution, which thousands attempt to accomplish by the most unwise and dangerous means, *operations, &c.* Young married people, whose circumstances do not warrant too rapid an increase of family, will find this preparation most valuable.

To those who feel that their physical condition and health is totally unfit for them to become the mothers of numerous offspring, and who reasonably fear that each period of confinement will terminate their existence, will hail the discovery of this certain means of relief with unbounded joy. Let such unfortunate and unhappy wives lose no time in obtaining this medicine, it will be to them a precious boon through life, and prevent many an early and premature grave.

That all may avail themselves of the PREVENTIVE Dr. Young has fixed the price at $10, which carefully used will last six months. Upon the receipt of the $10 a package of the PREVENTIVE, with full directions for use will be forwarded by Mail or Express to any part of the State.

MEDICAL.

DR. L. J. CZAPKAYS'
Private Medical and Surgical Institute,
Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office, San Francisco.

Established in 1854, *for the Permanent Cure of all Private and Chronic Diseases, and for the Suppression of Quackery.*

Attending and Resident Physician, L. J. CZAPKAY, M. D., late in the Hungarian Revolutionary War, Chief Physician to the 20th Regiment of Honveds, Chief Surgeon to the Military Hospital in Pesth, Hungary, late Lecturer on Diseases of Genito-Urinary Organs and Diseases of Women and Children, and Honorary Member of the Philadelphia College of Medicine.

Particular attention paid to the treatment of diseases peculiar to Women and Children.

Office hours—From 9 A. M., to 9 P. M. Communications strictly confidential. Permanent cure guaranteed or no pay. Consultations by letter or otherwise, free. DR. L. J. CZAPKAY, Francisco.

TO THE AFFLICTED.

DR. L. J. CZAPKAY RETURNS HIS sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his institute for the cure of all forms of private diseases—such as syphilis, gonorrhœa, nocturnal emissions, and all the consequences of self abuse. In the first stages of syphilitic or gonorrhœal diseases he guarantees a cure in a few days, without inconvenience to the patient or hindrance to his business. When a patient by neglect or improper treatment, has developed the painful swelling of the groins, or ulcers in the throat or nose, which if not checked destroy the soft parts and cause the bones to mortify, separate and come away, leaving the sufferer an object hideous to behold; or when blotches or pimples break out on the skin, or when he has painful swellings on the bones or when his constitution is injured so as to predispose to consumption or other constitutional disease, the doctor guarantees a cure or asks no compensation.

In rheumatism, chronic or acute, in dysentery or diarrhœa, he has safe and effectual remedies. For the treatment of the consequences of self-abuse, such as nocturnal emissions, nervousness, timidity, head-ache, pains in the back and limbs with general weakness, loss of appetite, loss of memory, injury to the sight, restlessness, confusion of ideas, dislike for society, a feeling of weariness of life, with the system so excitable that slight noises shock or startle the patient, making his existence miserable. For the above maladies, the Doctor will guarantee a cure or ask no compensation. He can be consulted free of charge, and invites all to call, as it will cost them nothing, and may be much to their advantage. Office hours from 9 A. M. to 9 P. M.

Remarkable Instance of Medical Relief.

Below we publish the certificates of two of the sufferers from the pangs of disease, who having recovered their former health, and impelled by gratitude, make known their cases and remedial agent, and their statements are authenticated by a Notary Public. The demands of society imperiously command their publicity, and we commend their perusal to the attention of all afflicted:

Thankfulness is the Incentive to Gratitude.

CERTIFICATE.—The undersigned, desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a permanent relief of their sufferings may be obtained, feels it his duty to thus publicly express his most sincere gratitude to Dr. J. L. Czapkay for the permanent recovery of his health. Borne down by the distressing symptoms incident to the vicious practice of uncontrollable passion in youth; depressed in body and mind, unable to perform even the most trifling duty imposed upon the daily avocations of life. I sought the advice of many physicians, who at first regarded my disease as of trifling importance, but, alas! after a few weeks, and in several instances, months of their treatment, I found, to my unutterable horror, that instead of relief, my symptoms became more alarming in their torture; and, being told by one that my disease being principally confined to the brain, medicine would be of little consequence, I despaired of ever regaining my health, strength and energy; and, as a last resort, and with a faint hope I called upon Dr. Czapkay, who, after examining my case, prescribed some medicine, which almost instantly relieved me of the dull pain and dizziness in my head. Encouraged by the result, I resolved to place myself immediately under his care, and, by a strict obedience to all his directions and advice, my health became clear, my ideas collected, the constant pain in my back and groins, the weakness of my limbs, the nervous reaction of my whole body on the slightest alarm or excitement, the misanthropy and evil forebodings, the self distrust and want of confidence in others, the inapability to study, and want of resolution, the frightful, exciting, and at times, pleasurable dreams at night, followed by involuntarly discharges have all disappeared, and, in fact, in two months after having consulted the Doctor, I felt as if inspired by a new life—that life which, a short time ago, I contemplated to end with my own hand.

With a view to guard the unfortunate from falling into the snares of incompetent quacks, I deem it my duty to offer this testimony to the merits and skill of Dr. Czapkay, and recommend him to all who may stand in need of medical advice, being assured by my own experience that, once under his care, a radical and permanent cure will be effected.

R. F. FILLMORE.

State of California, county of San Francisco. Subscribed and sworn to before me, this 17th day of April, A. D., 1856. (Signed)
JOHN MIDDLETON, Notary Public. (L. S.)

REMARKABLE CURE OF CONSUMPTION.

THE ALMOST MIRACULOUS CURE THAT has been effected in my case, prompts me to impart to those of my fellow creatures who may be suffering from like affliction, the source of relief, with a short description of my case. Several years ago my health began to fail. I was attacked by general debility, which reduced me to a mere shadow of my former self. At that stage I sought medical assistance, and expended large amounts, but without the least beneficial result. That fell destroyer, CONSUMPTION, had already seized upon my vitals. I was daily drawing closer to the tomb; my physicians held out no hope of a recovery; my strength had wasted, and I was in a state of almost utter prostration. I was informed by my physicians that they could do nothing for me except to smooth my path to the grave; when, most fortunately, I applied to Dr. L. J. CZAPKAY, and am now a well and perfectly sound man. It is difficult for me to express the emotions of deepest gratitude I experience when realizing the immeasurable service I have received at the hands of Dr. CZAPKAY, and feel rejoiced that it is at least in my power to tender this feeble recognition of his great skill and capacity. To the afflicted I would say, do not despair for whatever may be the nature of your case, I am confident that you will find relief by applying to Dr. L. J. CZAPKAY. "There is balm in Gilead, and there is a physician there." [L. S.] HENRY WESSLING.

Subscribed and sworn to, before me, this 15th day of October, A. D. 1859. City and county of San Francisco, State of California. F. J THIBAULT.
[L. S.] Notary Public.

The undersigned is personally acquainted with Henry Wessling, and knows that the circumstances related in the foregoing certificate, are true. He saw Henry Wessling during his illness and bears willing testimony to the fact of his remarkable cure by Dr. L. J. CZAPKAY [L. S.] A. ROSENHEIM.

Subscribed and sworn to, before me, this 17th day of October, A. D., 1859. City and county of San Francisco, State of California.
